

ABOUT SCORE

The Portland, Oregon SCORE Chapter is celebrating its 37th year in 2002. We were the 11th Chapter to be recognized by the US Small Business Administration hence, we are Chapter 11 – an unusual name for an organization that is dedicated to helping small business.

Chapter 11 has over 90 active, semi-retired, and retired executives to work with our clients. They have a wide range of experience in over 65 industries and knowledge of many more due to their years in business working with their suppliers and customers and clients.

SCORE offers the following services and activities:

- * One-on-one individual confidential counseling in all aspects of business at our office (9 AM to 4PM Monday through Friday) or, if more convenient for our clients, outside of the office, by phone, or e-mail.
- * A Business Resource Center (BRC) with computers with business applicable software, an extensive library of reference materials and business tapes. Open weekdays only, 9 AM to PM.
- * Workshops on starting and planning a business. (see other side)
- * Speakers for schools, business, and organizations
